

## Emergency Preparedness Ministry

The Emergency Preparedness Ministry is a Facilities & Safety Ministry of the Circle of Care.

The Facilities & Safety Ministries Mission Statement:

*Provide a safe, well-maintained and engaging environment to worship God*

The Emergency Preparedness ministry ensures the First Aid Cabinet located in the hallway behind the kitchen is stocked, that the Defibrillator located in the foyer west wing is functional and that people are properly trained to use the Defibrillator in the event of an emergency. Training classes are provided for those interested and are capable of supporting this ministry. You can support this ministry in the following ways:

- Provide First Aid when the need arises
- Make contact with First Responders when needed (Call 911)
- Direct First Responders toward the emergency
- Provide training to the congregation by arranging training sessions
